DL @ HCC: How well are we doing at HCC Libraries?

Not very well! A look at the numbers:

• For 2010-11 there were 10,852 *unduplicated* distance learning students taking a total of
  • 835 DL sections offered at the college across campuses

What had we been doing to support DL students and their library research needs? (sound familiar?)

• Nothing
• Not sure???
• I thought you were doing it
• Ask-a-librarian has them covered.
• They'll be fine. They have Google.
• Out of sight, out of mind

## Go Live!

### Why go Live?

- Equitable access. Why should the distance learner get inferior service?
- The technology is finally here and practical. It doesn't have to be a big production.
- Collaboration
- Flex your creative muscles. It can be fun. (It can also be a pain in the butt.)
- Students will think you are awesome, teaching faculty will be jealous of your skills.
