Evidence Worksheet – Database

Directions: Fill out all areas of this form and submit it with the printed article [2+ pages]. Your article should be divided and labeled into the parts that you summarized.

Step 1 – Gather the information for the works cited entry.

Author(s):

Title of Article [In quotation marks and correctly capitalized]:

Title of Original Newspaper or Journal [Underlined when handwritten; italicized when typed]:

Date of Original Publication:

Volume Number/Issue Number/Pagination (if given):

Database Name [Underlined when handwritten; italicized when typed]:

Step 2 – Summarize the article.

Do all of the following: 1) Confirm that the article has information that you need for one arm of your planning map, 2) Print the article, and 3) In your own words, summarize the article in 8 - 10 sentences. Do not use quotations. Attach an additional page if necessary.
Step 3 – Find a *compelling* quotation.

Select a compelling quotation from the section and record it below. This quotation should be 40-50 words and make me think, "Wow, that's really interesting!" Use ellipses if you need to trim words. Set the quotation up correctly: **Authority phrase + Quotation + Documentation**. Do not repeat information from the summary.

---

Step 4 – Explain the relevance of the material to your essay.

Complete this phase: “From this source my reader will learn that …” Be sure that a *complete thought* follows.
